

THE PERFECT GIN

We serve our gin the way it's supposed to be served, a 50ml shot on ice in a large coupe glass that allows your 'gin to sing' and fills the bowl with the aroma of the botanicals found in every gin. Garnished and mixed with London Essence Tonic Water and lemonades you will arrive at a new appreciation for what has become the new 'in thing'. Of course if you want a single measure then just let your server know and they will do the rest
